Société Internationale de Chirurgie Orthopédique et de Traumatologie, congress, 8th, 1960 (*announcement*), 225.
South African Orthopaedic Association congress, 1958, 430.
South-East Metropolitan Regional Orthopaedic Club meetings, 1958, Nov., 425; 1959, April, 630, July, 872.
South-West Orthopaedic Club meetings, 1958, Nov., 427; 1959, May, 873.
Spina bifida
hip in, dislocation, 427, 622.
occulta, with engagement of fifth lumbar spinous process, *486.
scoliosis in, 874.
Spinal cord
compression, diagnosis, early, nerve root pain in, 635.
injuries (*symposium*), 213.
ectopic ossification in, 210.
See also Paraplegia.
Spine
arthrodesis, 223.
anterior, for tuberculosis, 207, 223.
Hibbs technique, results, 633.
lumbar and lumbo-sacral
results, 623.
with screw fixation, *248.
lumbosacral, interbody, *87.
posterior, for scoliosis, *260.
new technique, 621.
blood supply
in growing rabbit, *782.
relationship to osteomyelitis, *796.
Calvé's disease. *See* Vertebra plana.
cervical
fracture-dislocation, with quadriplegia, 429.
fractures, treatment, 880.
injuries, 221, 855.
osteotomy for ankylosing spondylitis (*correspondence*), 640.
changes in achondroplasia, 872.
chondrosarcoma, sciatica due to, 222.
curvature
correction, ambulant, hydrostatic pressure in, *96.
treatment in 17th century by Schot brothers, *413.
See also Kyphoscoliosis; Kyphosis; Scoliosis.

* Indicates full article or appreciable part.

Spine
fracture-dislocation, thoraco-lumbar, internal fixation, new method, *772.
fractures, without nervous injury (*symposium*), 636.
hydatid disease, *499.
injuries (*symposium*), 213.
mechanism of, experimental study, 855.
lumbar, in the Bantu, 430.
lymphocytic leukaemia involving, sciatica due to, 222.
osteochondritis. *See* Scheuermann's disease; Vertebra plana.
osteoid osteoma, *132.
osteomyelitis, relationship to vascular anatomy, *796.
osteotomy
cervical, for ankylosing spondylitis (*correspondence*), 640.
lumbar, *270.
tuberculosis
arthrodesis for, anterior, 207.
treatment
anterior drainage and fusion, 223.
early drainage of paraspinal abscesses in children, *491.
vertebral clearance, 855.
See also Back; Intervertebral discs; Sacrum.
Spondylitis, ankylosing
osteotomy of spine for
cervical (*correspondence*), 640.
lumbar, *270.
radiology, comparison with Reiter's disease and rheumatoid arthritis, *137.
Spondylolisthesis, 430.
arthrodesis for
inter-body, *87.
with screw fixation, *248.
reverse, in diagnosis of intervertebral disc lesions, 882.
review of cases, 881.
Spondylolysis, spontaneous healing of, 879.
Stapling, epiphysial, for leg equalisation, 215.
Steindler, Arthur (*obituary*), 850.
Steindler's flexorplasty of elbow, *44.
Sterno-clavicular joint
arthritis, monarticular non-infective subacute, *749.
dislocation, resection of clavicle for, 429.
subluxation, recurrent, 873.
Steroids, adrenocortical
therapy with, complications of, pyogenic arthritis, 635.
See also Cortisone; Hydrocortisone.
Strontium, radioactive, external counting of, in studies of localised skeletal lesions, *558.
Sublimis. *See* Flexor digitorum sublimis.
Subtalar joint. *See* Talo-calcanean joint.
Surgery, plastic, in orthopaedics, 432.
Symphysis pubis. *See* Pubic symphysis.
Synostosis. *See under parts of body involved.*
Synovectomy for tuberculous and rheumatoid arthritis, 857.
Synovial fluid, viscosity and pH of, *388.
Synovioma
giant-cell, benign, of digital tendons, 858.
malignant, of biceps brachii tendon, 222.
Syphilis, congenital, epiphysitis in, 222.

T

Talipes. *See* Club foot.
Talo-calcanean joint, arthrodesis for fractures of calcaneum, 632, 881.
Talus, fractures, 877.
Tarso-epiphysial aclasis. *See* Dysplasia epiphysialis hemimelica.
Tarsus
arthrodesis
in poliomyelitis, ankle joint in relation to, *337.
Lambrinudi's, follow-up, *738.
synostosis
cubo-navicular, *149.
naviculo-cuneiform, *150.
See also names of tarsal bones.
Teece, Lennox Graham (*obituary*), 613.
Tendo calcaneus repair by partly separated strips, 882.
Tendons
cystic degeneration of peroneus brevis, *362.
flexor, healing of, experimental study, 878.
surgery, use of cortisone in, 209.
suture, new method, 208.
synovioma of, giant-cell, benign, 858.
See also names of tendons and under parts of body.
Tenolysis, use of cortisone in, 209.
Tetanus complicated by myositis ossificans, *535.
Tetraplegia. *See* Quadriplegia.
Thalassaemia, sickle-cell. *See* Sickle-cell anaemia and its genetic variants.
Thorax. *See* Chest.
Thrombosis, venous, 216.
complicating orthopaedic operations, 621.
Thumb
injuries, open, treatment, primary, 874.
movement, 628.
paralysis, opponens, transplantation of flexor sublimis of fourth finger for, 882.
reconstruction, 217, 433.
triphalangeal, *766.
Tibia
blood supply in growing rabbit, *185.
defects in shaft, fibular grafting for, live, 619.
fibrous dysplasia, fibular grafting for, 221.
fractures
" lateral malleolus," 223.
lower end, difficult, 633.
plating of fibula in, 877.
shaft
malunion and non-union of, bone grafting for, 208.
nailing of, intramedullary, 429.
open, internal fixation in, primary, *342.
with fracture of fibula, 427.
lengthening, 223.
pseudarthrosis, congenital, 872.
Tibialis posterior transplantation for drop foot in leprosy, 434.
Tibio-fibular joint, superior, dislocation, *114, *120.
Toes
amputation, total, for gross deformity, 856.
big. *See* Hallux rigidus; Hallux valgus.
claw
in rheumatoid arthritis, excision of metatarsal heads for, 634.
reconstruction of forefoot in, *507.
with claw foot and ulceration of metatarsal heads, 428.
Trapezium, excision of, 425.
Travelling Fellows in Orthopaedic Surgery, visit to United Kingdom, 1959, 867.
Triceps transplantation for paralysis of flexors of elbow, *44.
Tuberculosis
bone and joint, contributions of Dobson, Jonathan, 204.
joint, synovectomy for, partial, 857.
spine
arthrodesis for, anterior, 207.
treatment
anterior drainage and fusion, 223.

* Indicates full article or appreciable part.

Tuberculosis
spine
treatment
early drainage of paraspinal abscesses in children, *491.
vertebral clearance, 855.
Tumours
giant-cell, of bone. *See* Osteoclastoma.
See also more specific terms, and under names of tissues and parts of body.

U

Ulna, fractures
shaft, internal fixation, delayed, *122.
with fracture of radius, compound, 873.
See also under Forearm.
Ulnar nerve
neuritis, traumatic, excision of medial humeral epicondyle for, late results, *51.
paralysis, claw hand due to
tenodesis with sublimis for, 217.
transplantation of sublimis for, 217.
paresis, unusual, 221.
University College of West Indies, appointment of J. Golding as Reader in Orthopaedics, 876.
Urinary bladder
ectopic, pelvic osteotomy for, *754.
in traumatic paraplegia, 214.
Uro-genital system, infections, osteomyelitis of spine following, mode of spread, *796.

V

Vascular disorders
in orthopaedics (*symposium*), 215.
Vascular disorders
occlusive
amputation for, 880.
low back pain due to, 210, *244.
See also under Arteries; Veins.
Veins, thrombosis of, 216.
complicating orthopaedic operations, 621.
Vertebra plana, *477.
Vertebrae. *See* Spine.
Veterinary orthopaedics (*symposium*), 630.
Volkmann's contracture. *See* Ischaemic contracture.

W

Webbing, congenital
of knees and elbows, 872.
of knees in siblings, *455.
West Indies, orthopaedics in, 876.
Wilson, John Black Ferguson (*obituary*), 853.
Wrist
dislocation, trans-scaphoid perilunar, 426.
ganglion simulated by anomalous extensor indicis muscle, *763.
injury, chondroma following, 632.
mechanics, 210.
median nerve compression at. *See* Carpal tunnel syndrome.
See also Radio-ulnar joint, inferior; *and names of carpal bones.*

Z

Zahradníček, Jan (*obituary*), 205.

* Indicates full article or appreciable part.
